

Silver grey on white marble

Silver Grey on White delivers a clean, sophisticated marble aesthetic with a soft, natural presence. A crisp white base sets the stage for gentle silver veining, creating a quiet elegance that suits both modern and classic spaces. The subtle contrast adds dimension without overwhelming the room, allowing other design elements to shine while still making a refined statement. Crafted for durability and long-lasting beauty this low-maintenance surface is perfect for bathrooms that aim for calm, bright, and timeless style.
